

**Massachusetts General Hospital – Center for Women’s Mental Health  
Clinical Research Coordinator Position Announcement**

**Program Description:**

The Center for Women’s Mental Health is a clinical and research program within the Department of Psychiatry at Massachusetts General Hospital. Our Program is dedicated to the evaluation and treatment of psychiatric disorders associated with female reproductive function. For more information about the clinical and research program, please visit our website: [www.womensmentalhealth.org](http://www.womensmentalhealth.org).

**Responsibilities:**

The research coordinators in our Program are each assigned 1-2 active research projects and are responsible for the implementation of those projects under the guidance of the principal investigator(s) and the supervision of the senior research coordinator.

The research coordinators are primarily responsible for the following research activities:

- Conducting research visits with study patients and study clinicians
- Managing the recruitment, screening and enrollment of research patients
- Administering psychiatric assessments
- Phlebotomy and specimen preparation (a phlebotomy course is offered at MGH)
- Data collection and entry, and database management
- Preparation and submission of research protocols to the IRB
- Ensuring compliance with the Partners IRB and other federal and institutional guidelines
- Periodic special projects, such as a grant submission or a journal article submission

**Work Environment:**

Currently, our group is made up of four research coordinators, a senior research coordinator, a program assistant, a biostatistician, and eight psychiatrists, two of whom are principal investigators, including the Director. The research coordinators work closely with the study principal investigators and meet twice weekly as a group to review study progress. The group meets once a week for two hours to review clinical cases and ongoing research progress. This is a full-time hourly position with a 9:00-5:30 workday and a ½ hour unpaid lunch. Our Program is located in the Simches Research Building in a combined administrative and clinical space and all work is conducted on-site.

**Qualifications:**

We are looking for candidates who possess at least a bachelor’s degree. At least one year of research experience, paid or un-paid, is preferred but not required. Please include your undergraduate GPA in your application materials. The salary for this full-time position will start at \$31,200 per year, and benefits are available. Candidates who can start by the beginning of June 2017 are preferred.

**Skills:**

- Critical thinking skills and ability to independently resolve problems
- Careful attention to details
- Time management and ability to prioritize
- Written and verbal communication skills
- Microsoft Office and general computer literacy
- Data management and analysis knowledge is advantageous though not required

Interested applicants may send cover letters and resumes to Gabrielle Wood via email to [gcwood@partners.org](mailto:gcwood@partners.org) or via USPS to 185 Cambridge Street, Floor 2, Boston, MA 02114.
