

Clinical Research Assistant Position at McLean Hospital Division of Alcohol and Drug Abuse

Seeking a highly motivated college graduate to provide support for an NIH-funded clinical trial investigating treatment for co-occurring anxiety disorders and opioid use disorder under the direction of R. Kathryn McHugh, PhD. The position will be based at McLean Hospital in Belmont, MA. Specific responsibilities include: participant recruitment, follow-up, and assessment; maintaining and updating data generated by the study; performing literature searches; conducting statistical analysis; contributing to the writing of manuscripts and grant applications; and administrative tasks. Publication and presentation opportunities will be available. This position offers an excellent opportunity for graduating seniors looking for clinical research experience before applying to graduate school in psychology (particularly clinical and counseling programs), the social sciences, or medical school.

Tentative start date: early June 2017.

Interested applicants should send a CV and cover letter to Dr. McHugh at kmchugh@mclean.harvard.edu, and submit an application on the McLean Hospital website: www.mcleanhospital.org/careers (Job ID 3033905).
