

Yale University

## Sara S. Sparrow Fellowship in Clinical Neuroscience

The **Sara S. Sparrow Fellowship in Clinical Neuroscience** seeks highly qualified college graduates to participate in cutting-edge clinical research on autism spectrum disorder in the McPartland Lab and the Yale Developmental Disabilities Clinic at the Yale Child Study Center. The Child Study Center is a leading institution for clinical research on autism and related disabilities, with a multidisciplinary approach spanning behavioral neuroscience, neuroimaging, genetics, and treatment. Successful applicants will be involved in a two-year program of training incorporating both clinical and research experiences, commencing on or before July 1, 2017.

The primary training experience will be in daily activities related to clinical neuroscience research. The fellowship's curriculum includes participation in a weekly seminar on autism taught by Drs. James McPartland and Fred Volkmar (1 semester), weekly rounds in the Yale Developmental Disabilities Clinic (year-long), biweekly autism lectures (year-long), weekly lab meetings (year-long), and other didactic experiences at the Yale Child Study Center. Fellows will gain experience working with infants, children, and adults with autism and their families, as well as individuals with other neurodevelopmental disorders and with typical development. Training and research opportunities include electrophysiological brain recording using electroencephalography (EEG) and event related potentials (ERP), eye tracking, functional near-infrared spectroscopy (fNIRS), transcranial magnetic stimulation (TMS), positron emission tomography (PET), and behavioral assessment and treatment for ASD, including participation on multidisciplinary clinical teams in the Developmental Disabilities Clinic. Fellows will gain experience and exposure to all aspects of clinical research, from recruiting participants to analyzing data and authoring manuscripts. Fellows will also be provided opportunities to submit research for conference presentation and eventual publication. Successful applicants will be directly mentored by Dr. McPartland and be involved in a highly active and productive community of clinical research scientists at Yale and at collaborating groups in the United States and abroad.

**Sponsor Institution:** [Yale Child Study Center](#), Yale University

**Lab Director:** [James McPartland](#)

**Collaborating Faculty:** [Fred Volkmar](#), [Kasia Chawarska](#), [George Anderson](#), [Denis Sukhodolsky](#), [Linda Mayes](#), [Flora Vaccarino](#), [Michael Crowley](#), [Pamela Ventola](#), [Brent Vander Wyk](#), [Wendy Silverman](#), [Julie Wolf](#), [Alan Anticevic](#), [Vinod Srihari](#), [Roger Jou](#), [Joy Hirsch](#), [David Matuskey](#), [David Grodberg](#), [Phil Corlett](#), [James Leckman](#), [Adam Naples](#), [Brianna Lewis](#)

**Award Amount:** \$30,000 in Year 1; \$32,000 in Year 2 (plus full healthcare coverage)

**Term of Award:** 2 years

**Submission Deadline:** February 1, 2017

### Eligibility Requirements

College graduates who will have received a bachelor's degree by June 2017 are eligible. Candidates with previous experience with autism, children, experimental psychology, or neuroscience research will be favorably reviewed.

Please note that this fellowship is not offered concurrently with graduate studies. However, we do hope that the fellowship will serve as an important stepping-stone towards future graduate studies upon completion of the program.

## **Application Information**

For more specific questions, interested applicants should contact [mcp.lab@yale.edu](mailto:mcp.lab@yale.edu) or call (203) 737-4586.

A complete application includes **1 copy of each** of the following items (please include your full name on every page of your application):

1. A completed application form.
2. A resume or CV.
3. Undergraduate and graduate (if applicable) transcripts. They need not be official.
4. A two-page personal statement containing biographic material, relevant experience, and career goals. This can be single or double-spaced.
5. Two signed letters of recommendation that speak directly to the candidate's potential (sent separately by the recommender).
6. SAT, ACT, or GRE scores (official score reports not needed; see application form).
7. A sample of the candidate's scientific writing (at least five pages).

## **Submitting Your Application**

Electronic applications (with separate letters of recommendation emailed directly from referees) are preferred and can be sent directly to [mcp.lab@yale.edu](mailto:mcp.lab@yale.edu).

Paper applications may be submitted to:

McPartland Lab  
Yale Child Study Center  
230 South Frontage Rd.  
New Haven, CT 06520

## **Yale University's Equal Opportunity Statement**

The University is committed to basing judgments concerning the admission, education, and employment of individuals upon their qualifications and abilities and affirmatively seeks to attract to its faculty, staff, and student body qualified persons of diverse backgrounds. In accordance with this policy and as delineated by federal and Connecticut law, Yale does not discriminate in admissions, educational programs, or employment against any individual on account of that individual's sex, race, color, religion, age, disability, status as a special disabled veteran, veteran of the Vietnam era or other covered veteran, or national or ethnic origin; nor does Yale discriminate on the basis of sexual orientation or gender identity or expression.

University policy is committed to affirmative action under law in employment of women, minority group members, individuals with disabilities, special disabled veterans, veterans of the Vietnam era, and other covered veterans.
