## RESEARCH ASSISTANT POSITION AT BUTLER HOSPITAL/BROWN UNIVERSITY

The **Psychosocial Research Program at Butler Hospital** is looking to hire a **full-time and/or part-time research assistant** to work on studies related to hospital aftercare programs for patients with severe mental illness (i.e., bipolar disorder, schizophrenia, and comorbid substance abuse). The position is available for immediate start. In particular, we are hiring for National Institute of Mental Health and American Foundation for Suicide Prevention-funded randomized controlled trials testing novel psychosocial interventions for patients following a psychiatric hospitalization, which are run primarily by **Brandon Gaudiano, Ph.D.** There may be opportunities to work on related projects testing psychosocial interventions in other populations (e.g., Veterans, those with suicidal behaviors). Butler's **Psychosocial Research Program**, located in Providence, RI, is affiliated with the **Warren Alpert Medical School of Brown University**. For more information about our program, please refer to our department website (<http://www.moodtreatment.org>) or the Principal Investigator's webpage at: <https://vivo.brown.edu/display/bgaudian>

**Butler Hospital** is a Brown University-affiliated psychiatric and substance abuse hospital located in Providence, RI. Butler Hospital (est. 1844) is one of the earliest psychiatric facilities in the United States. The **Psychosocial Research Program** at Butler is one of several active research groups at the hospital. The program is comprised of academic psychologists, a psychiatrist, post-doctoral fellows, research assistants, master's-level interventionists, and project coordinators. Research in this group is currently funded by numerous federal and private grants, and the majority of this work centers on post-hospital transitions, suicide prevention, mHealth, mood and psychotic disorders, and comorbid conditions (addiction and physical health problems) conducted in a variety of clinical settings.

Please see text of the specific job posting below.

### **Butler - Research Administration Department**

**Status** Full-Time or Part-Time

**Hours** Daytime (Monday through Friday) with some evening hours.

**Has Benefits** Yes

**Job Description** Brown University-affiliated researchers working at Butler Hospital are seeking to hire research assistants for grant-funded studies of post-hospital interventions for patients with bipolar disorder, psychosis, or comorbid substance abuse. Responsibilities include recruiting and tracking subjects, screening electronic medical records, managing databases, preparing reports, and conducting research assessments with psychiatric patients. Additional duties include working with a multidisciplinary team conducting research in a psychiatric hospital setting. Skills using Microsoft Office, SPSS, and REDCap a plus.

**Required Education** Bachelor's degree in psychology or related field required. Experience with psychology research and/or working with psychiatric patients desirable.

**Application Method** Email cover letter and CV/resume to Ms. Hyun Seon Park at
