

## **Laboratory Research Coordinator at Johns Hopkins University's Computational Cognitive Neuroscience Lab**

The Department of Cognitive Science at Johns Hopkins University is seeking a full-time Laboratory Research Coordinator to work in the labs of Dr. Leyla Isik (Computational Cognitive Neuroscience Lab) and Dr. Michael Bonner (Cognitive Neuroscience and Machine Learning Lab). The Laboratory Research Coordinator will work on projects involving fMRI, EEG, behavioral testing, and computational modeling of vision and cognition. The position is particularly suited for a recent graduate from a Neuroscience, Psychology, Cognitive Science, Computer Science or related program who is seeking to work in an innovative research environment in preparation for graduate school.

For more details and to apply, please visit: <https://jobs.jhu.edu/job/Baltimore-Laboratory-Research-Coordinator-MD-21234-273/529061800/>

You can contact Dr. Isik ([lisik@jhu.edu](mailto:lisik@jhu.edu)) and Dr. Bonner ([mfbonner@jhu.edu](mailto:mfbonner@jhu.edu)) with any questions.
