

Two Part-time Research Assistant Positions

Cognitive Neuroscience Group, MGH Institute of Health Professions, Boston, MA

PI: Yael Arbel, CCC-SLP, Ph.D.

We are looking for two part-time (15-20 hours per week at \$15 per hour) research assistants to work on an NIH funded study aimed at evaluating learning in school-age children with developmental language disorder. Transitioning to full-time is possible, depending on funding and performance. The research assistants will join our data collection team in the Navy Yard in Boston, MA, and will gain extensive experience in the collection of behavioral and electrophysiological (EEG) data. Applicants should have strong interpersonal skills and be comfortable interacting with children and their parents via zoom and in person. Previous research experience is preferred. This position will provide invaluable experience for those interested in pursuing graduate study in communication sciences and disorders, medicine, cognitive neuroscience, or related fields.

Start date is flexible. Preferred start date is April 1st, 2021.

To apply, please send a resume/CV, cover letter, and the contact information of three references to Yael Arbel, cnglead@mghihp.edu. Review of applications will begin immediately.
