Summer Undergraduate Psychology Research Experience Program
at the University of Pittsburgh

The Department of Psychology at the University of Pittsburgh is pleased to announce its Summer Undergraduate Psychology Research Experience (SUPRE) Program, supported by a grant from the American Psychological Association. Interested undergraduate students can spend 8 weeks working with a faculty mentor in their laboratory to gain valuable research experience.

Students may choose to work with one of the following faculty mentors:

- Julie Fiez
- Lauren Hallion
- Tristen Inagaki
- Jana Iverson
- Melissa Libertus
- Anna Marsland
- Edward Orehek
- Elizabeth Votruba-Drzal
- Aidan Wright

The program will run from June 4 – July 27, 2018 (though some flexibility in starting and ending dates may be possible). Students will be hired as full-time, paid research assistants ($12/hour, minus taxes) in their mentor’s lab during the 8 weeks of the program.

To be eligible for the SUPRE program, students must:

- be enrolled at a U.S. institution (though they need not be students at the University of Pittsburgh or U.S. citizens)
- have had little to no prior experience working in a psychology research lab
- have completed at least their freshman year
- have not yet have obtained a bachelor’s degree

Students from underrepresented minority groups and first-generation college students are especially encouraged to apply. For more information, please contact the faculty coordinator, Dr. Jana Iverson (jiverson@pitt.edu).

Applications are due by April 13, 2018 and should be completed at the following website: pitt.co1.qualtrics.com/jfe/form/SV_esbuKjpUSg7wkL

Applicants will be informed of decisions by May 1, 2018.
