Volunteer Research Assistant Positions
at the Massachusetts General Hospital PTSD Research Program

Dr. Sharon Dekel’s lab at the Department of Psychiatry of Massachusetts General Hospital is seeking volunteer research assistants to contribute to the operation of cutting-edge clinical research concerning women's mental health around childbirth. We are seeking a highly-motivated individual with strong interpersonal skills necessary to interact with patients. The ideal applicant should have the enthusiasm to conduct clinical research, be able to work independently, and have good organizational skills. The opportunity to take part in co-authoring peer-reviewed publications would be offered as well as the option for conducting thesis projects or research as part of course credit, if relevant.

**Job Opening:** Earliest June 1, 2018 until October 1, 2018, or until position is filled.

**Commitment:** A minimum of 2 days per week for at least one academic semester.

Interested candidates should contact Dr. Sharon Dekel at sdekel@mgh.harvard.edu.
