

Yale Cognition & Development Lab's 2014 Research Internship Program

Our annual summer internship provides the opportunity for highly motivated undergraduate students to gain an intensive, hands-on research experience in cognitive science and developmental psychology, in close partnership with our full-time lab members. Complete information about our research and internship program, as well as required application materials and an FAQ page, can be downloaded from our website, www.yale.edu/cogdevlab

This year's internship will run from Mon, June 2 to Wed, July 30, 2014, and all applications should be received no later than Friday, March 7, 2014.

Questions not covered online about our program may be directed to the lab manager at cognition.development+si@yale.edu.
