

## Temporary Research Assistant Position

Research assistant needed to help with the transcription and coding of video study sessions during summer 2015. This is a great opportunity to learn about how developmental psychology research is conducted and analyzed. This particular project examines teaching within sibling relationships.

- The hours are flexible; the ideal candidate would be able to commit 10-15 hours per week over 1-2 months.
- Knowledge of Excel and previous transcribing experience are a plus, but not necessary.
- The research assistant will be trained by, and work closely with, grad student Alex Was.

To apply, please send a resume or CV to Alex Was, [was@fas.harvard.edu](mailto:was@fas.harvard.edu).
