

# SUMMER INTERNSHIP

Do bioethics, medical ethics  
or health policy interest you?

## APPLICATION DEADLINE

Monday, Feb. 17, 2025

Apply for a [summer internship](#) with the Center for Medical Ethics & Health Policy at Baylor College of Medicine!

Open to undergraduate or graduate (Master or Doctorate) students from a degree granting program. The internship time commitment is up to 20 hours per week.

## Clinical Ethics Internship

This program is designed to provide students the opportunity to gain hands-on experience in the fast-paced field of clinical ethics. Successful candidates will have the opportunity to:

- Spend up to eight weeks (May–July 2025) working with an experienced clinical faculty mentor
- Shadow clinical ethics consultants at our hospital-based clinical ethics services
- Participate in research and writing that supports the clinical ethics mission
- Gain exposure to one of the preeminent bioethics centers in the country

The Clinical Ethics Internship is an in-person, hospital-based opportunity in the Texas Medical Center in Houston, Texas.

## Bioethics & Health Policy Research Internship

This program is designed to provide students the opportunity to participate in research on perennial and emerging ethical issues in areas like the ethical, legal, and social implications of genomics, neuroethics, the ethics of artificial intelligence, medical decision-making, and health equity. Successful candidates will have the opportunity to:

- Spend up to 10 weeks (June–August 2025) conducting research on a topic area of interest with an experienced research faculty mentor.
- Engage in educational opportunities with Center faculty and staff through a lunch-and-learn series
- Participate in the Center's community through intellectual events and social activities

The Bioethics and Health Policy Research Internship is either remote or in person at Baylor College of Medicine in Houston, Texas. Research experiences will not include laboratory or work in the healthcare setting.
