

## Junior Laboratory Associate at NYU

Dr. Marjorie Rhodes is seeking a full-time Junior Laboratory associate to coordinate research on conceptual development and the development of social cognition in young children. Information about the lab's research is available at: <http://kidconcepts.org> and <http://discoveriesonline.org>. Please submit a cover letter detailing your relevant experience, interest in the position, and professional goals; CV; and contact information for two references willing to provide a detailed letter of recommendation upon request.

### Job Duties:

- Supporting the day-to-day logistics of our virtual lab, including study and database recruitment, data quality control, communicating with parents, and other logistics
- Recruiting, training, and supervising undergraduate research assistants
- Managing lab IRBs, budgets, reimbursements, and so on
- Contributing to ongoing and new research projects
- Providing general support to researchers in the lab

In compliance with NYC's Pay Transparency Act, the annual base salary range for this position is \$38,000 - \$45,000. New York University considers factors such as (but not limited to) the specific grant funding and the terms of the research grant when extending an offer.

### Qualifications

- Experience in a research lab in developmental, social, or cognitive psychology
- Strong interest in pursuing research in the field
- Excellent attention to detail and ability to work both independently and collaboratively with the group
- Excellent technical skills

### Application Instructions

Please submit a cover letter detailing your relevant experience, interest in the position, and professional goals; CV; and contact information for two references willing to provide a detailed letter of recommendation upon request. <https://apply.interfolio.com/122319>
