

Lab Manager at Indiana University, Bloomington

The Neuroscience of Mind & Behavior Lab (PI: Dr. Anne Krendl; <https://krendlab.sitehost.iu.edu>) at Indiana University, Bloomington is seeking a full-time lab manager to work on NIA-funded research on social cognition and aging.

The project incorporates behavioral and neuroimaging methodologies. The lab manager will be primarily responsible for recruiting and testing healthy older adults, overseeing IRB protocols, supervising undergraduate research assistants, and coordinating research efforts with our team in Indianapolis. The lab manager will receive formal training in administering neuropsychological assessments, and learn how to conduct fMRI research. The lab manager will have opportunities to earn authorship on publications and present posters at scientific meetings.

This is an ideal position for a candidate looking to gain research experience before applying to graduate or medical school. The position requires a bachelor's degree in psychology, neuroscience, or a related field. The ideal candidate will have experience working with people either in research or more applied settings, good interpersonal and organizational skills, interests in conducting aging research, and the ability work independently. No licenses or certificates are necessary. Applicants who intend to spend a minimum of 2 years in the position will be preferred.

The target start date for this position is Spring 2021, although the exact date is flexible. Salary is commensurate with experience, and includes health benefits.

To apply, please email a CV, a cover letter that includes a proposed start date, and the names and contact information for 3 references to Dr. Krendl at akrendl@indiana.edu. Review of applications will begin immediately.

Indiana University is an Equal Opportunity Employer with a commitment to racial, cultural, and gender diversity. Women and minorities are encouraged to apply.
