

Full-Time Lab Manager Position at the University of Rochester

The Social Cognition & Psychopathology Lab at the University of Rochester, directed by David Dodell-Feder, Ph.D., is seeking to hire a full-time lab manager to start this summer (start date flexible). The lab manager will coordinate and oversee a series of research projects aimed at (a) understanding social cognitive impairment in people at risk for and diagnosed with psychotic spectrum disorders, (b) training volitional control of brain networks disrupted in psychosis with real-time fMRI, and (c) understanding social risk factors for psychotic spectrum disorders. Primary responsibilities include data collection using clinical interview, behavioral, and neuroimaging methods (i.e., fMRI), data analysis, participant recruitment and screening, administrative management of research studies, and assistance in the preparation of grants, presentations, and manuscripts. This position is well-suited for someone interested in pursuing graduate studies in clinical psychology, cognitive neuroscience, or a related field. Two-year commitment is strongly preferred (contingent upon renewal).

Requirements: Bachelor's degree in psychology, neuroscience, or a related field with at least 1-2 years of research experience; excellent organizational, communication, and interpersonal skills; ability to multi-task and work independently; comfort interacting with people of diverse backgrounds, including individuals with serious mental illness; schedule flexibility to work some weeknights; strong programming and/or statistical experience/skills (e.g., R, MATLAB, Python); demonstrated interest in working with clinical populations (e.g., clinical interviewing) or in clinical settings. Experience collecting and analyzing functional/structural MRI data is highly preferred, but not required to be considered for the position.

To Apply: Interested applicants should email a brief cover letter (outlining interest in the position, relevant experience, and long-term goals) and CV to David Dodell-Feder (d.dodell-feder@rochester.edu). Review of applications will start immediately and will be ongoing until the position is filled. More information about the position will be posted soon on the University of Rochester's jobs website (EOE Minorities/Females/Protected Veterans/Disabled). Individuals from underrepresented groups are especially encouraged to apply.
