

PSYCHOLOGY RESEARCH ASSISTANT: The Anxiety Disorders Center at the Institute of Living/Hartford Hospital is seeking a full-time Research Assistant to coordinate projects in psychological and psychiatric research. Primary responsibilities will be on studies investigating the psychophysiology of decision making in patients with hoarding disorder. Duties will include participant recruitment, collecting study data, and database management. Other responsibilities may include assistance with grant preparation and article writing, preparation of study materials, and data analysis. The research assistant will have opportunities to co-author scientific papers and journal articles. This position requires work on site at the Institute of Living.

Qualifications include a BA/BS in psychology or related field, including coursework in research methods and/or statistics. An advanced degree beyond the BA/BS is not needed. Successful candidates will demonstrate a conscientious work style and strong interpersonal skills. This is an excellent entry-level position for a college graduate who is interested in gaining additional research experience before going on to graduate study.
