

Requirements Chart (online at: <http://undergrad.psychology.fas.harvard.edu/>)

The Requirements Chart below is based on graduating year and then by track. Requirements are listed in the left-hand column. The online version of this chart is interactive - to find more information about Foundational Courses, Labs, Life Science-related courses and Advanced Courses, go to the website above and click on the links within the charts. You can also click on the track names across the top of the chart for more details about each track. The online version also includes the requirements for the Class of 2010 and below.

I. Classes of 2015 and beyond: All courses must be taken for a letter grade with the exception of Psy 985, 990, 992 or 993, which are graded SAT/UNSAT.

Programs ----->	Year taken	Psychology		Mind/Brain/Behavior Track	Life Sciences Track		Secondary Field
		Regular	Thesis Option	Cognitive Science (thesis required)	Cognitive Neuroscience & Evolutionary Psychology		Secondary Field in Psychology
Requirement (read down)					Regular	Thesis Option
