

## Research Assistant at the University of Texas at Dallas

The Schizophrenia and Social Cognition Lab at The University of Texas at Dallas is looking to hire a full-time research assistant to help with a NIMH funded study to evaluate the effectiveness of an intervention for improving the accuracy of self-assessments in individuals with schizophrenia. [The full job posting can be found here](#), and just in case there's any confusion, the posting number is S05029P.

Primary duties and responsibilities include, but are not limited to: subject recruitment; subject testing (behavioral testing and EMA); data management; project organization. Bachelors' degree is required. Candidate must demonstrate strong interpersonal and verbal communication skills to effectively interact with a wide range of constituencies in a diverse community. Strong organizational and time-management skills with the ability to prioritize and manage multiple tasks concurrently are also desired.
