- **Harvest Day is TOMORROW, Friday, Sept. 12 from 1-3:30pm in WJH 1.** Every fall the Psychology Department hosts a "Harvest Day," where Psychology Department faculty members have an opportunity to share the work they have done over the past year. This is a great way to get a feel for the range of questions psychology asks and tries to answer. It can also be an excellent opportunity to see what the labs in the department are working on if you are interested in doing research. Stop by for part or all of the afternoon for a series of 10-minute presentations by our Faculty. *See the schedule of speakers attached to this email!*
- **HCRP:** You may want to apply to [Harvard College Research Program](#) (HCRP) to help cover research costs on independent projects or to receive a stipend for work in labs that you are not getting academic credit for. You must be assuming some independent role on the project, but not necessarily be doing your own independent project. Deadline to apply for fall-term funding is Wed., Sept. 17, 2014 @ 5PM.
- **Faculty dinners** coming soon! Be on the lookout for emails from Melissa Dias about upcoming faculty dinners. Our first dinner, with one of our new faculty members, **Prof. Fiery Cushman**, will be on Thurs., Sept. 25.
- **Study Abroad:** If you plan to study abroad in spring 2015, be sure to submit your Study Out of Residence application by Wednesday, October 1, 2014. Learn more about programs at the [Office of International Education \(OIE\)](#) and about [the Study Out of Residence process for Psychology concentrators](#).
