

## FULL-TIME & FUNDED RESEARCH ASSISTANT / LAB MANAGER WANTED!

Interested in cognitive neuroscience or psychology research? Want to get some more research experience before applying to graduate school? Dr. Samantha Fede is looking to hire a research assistant to serve as lab manager starting May/June 2024.

### About the SCAMPI Lab

The SCAMPI lab is housed in the Department of Psychological Sciences at Auburn University. The research team uses **fMRI**, **TMS**, and behavioral approaches to answer questions about sociomoral cognition, affective processes, and risky decision making in the context of substance use and antisocial behavior. Currently, the lab is funded by **NIAAA** (National Institute on Alcohol and Alcoholism) to examine a TMS/**neurofeedback** intervention for AUD. Check out our website for more information: [scampi.auburn.edu](http://scampi.auburn.edu)

### About the Position

#### Duties include:

- Scheduling and running participant sessions (incl. MRI/TMS and clinical interviews)
- Coordinating lab logistics, including record organization and some supervision of undergraduate volunteer RAs
- Assists with preparation and submission of IRB materials
- Assists with data QA, preprocessing, data analysis and manuscript writing.

#### Qualifications include:

- Previous research experience (undergrad volunteer experience counts!)
- Bachelor's degree (current or Spring 24)
